Additional Information About Fiduciary Law Attorneys

We are a small, collegial law firm located in a residential area of the Sunset District in San Francisco. Because the position will include time in the courtroom (or via Zoom during the pandemic), and some trial work, candidates with trial experience and enthusiasm for presenting oral arguments in court are strongly encouraged to apply. Direct client contact and time in the courtroom are assured for all attorneys. The ebb and flow of our client work results in some stretches of time when all attorneys have the weekend off and other periods of time when two or more of us must work through weekends. In light of the COVID-19 pandemic attorneys may work from home to the extent possible. We strive to maintain a work-life balance and good morale.

Benefits

Salary and bonuses will be commensurate with experience and performance. Other benefits include medical and dental insurance, paid sick leave, and 15 days vacation each year, bar dues, MCLE and other professional development costs.
